

Caesarstone. Crafted For You.

“Combining the beauty
& strength of quartz -
One of nature’s
strongest minerals”.

Caesarstone® lives in the heart of your home, combining the beauty and strength of quartz surfaces in your kitchen, bathroom and more.

Caesarstone® gives you total peace of mind that you’ve chosen not just the durability and quality of a Caesarstone® surface, but an inspired centrepiece for a lifetime of experiences.

Bring out the designer in you.

Caesarstone® opens a world of design & inspiration for your own unique renovation. With cutting edge surfaces, endless design possibilities and support along the way.

Kitchen | Empira White™ 5151

Empira White™

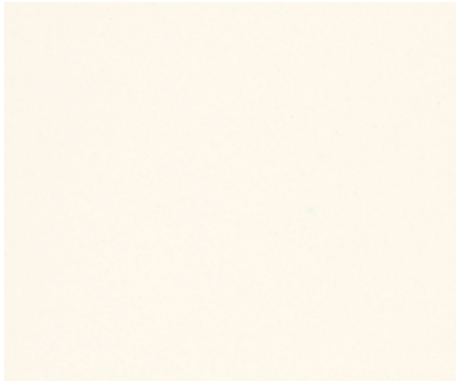

A unique marble quartz, its classical white base coloured in the purest of hues. This uplifting surface is an illuminating backdrop to the more dominant, almost black veins that traverse the benchtop, creating interplay between darkness and light. Alive with emotion and movement, this structure is a refined rustle of fine lines atop shadowy alluvial layers that add depth.

Primordia™

The grey complexion echoes the character of concrete, evoking a contemporary feel. Composed across its grey base, soft mineral textures range in off-whites and greys, combined with darker veils of grey & brown to reflect the oxidised rusts found in nature.

Colour Selection

Caesarstone® is made from natural quartz and therefore some variation in colour and aggregate may occur. The colours in this brochure are to the highest standards in printing, however, should only be used as an indication of actual product design. We always recommend making a final colour selection by viewing displays of larger panels in your nearest Caesarstone® showroom or kitchen retail showroom to appreciate the movement of the design over a large surface.
